ACCOMPLISHMENTS & LEADERSHIP

DEVIT Team *Yarmouk university, Irbid*

Member and leader *2020-2023*

I have been a member and head of a team concerned with student issues, focusing on the areas of information technology, we have held events for thousands of students in the past three years, organized large and small events, mentored new students and helped create a student-friendly environment in the university, because we believe that we should be part of the solution.
